THE DESIGN

Every home is designed with care, featuring stylish touches and thoughtful details that merge modern and timeless appeal.

Whether you're inside or looking around, you'll feel a sense of ease and familiarity, making you instantly feel at home.

WHERE WARMTH SURROUNDS YOU

Expertly curated by architect Tony Ashai, every corner seamlessly blends warmth, attention to detail, and intuitive design to create an ambiance that sparks your imagination.

THE ARTIST BEHIND THE MASTERPIECE

The best creations require more than just a blueprint – a desire and just the right bit of emotion to bring them to life. JW Marriott Al Marjan Island is designed and curated by the brightest minds.

Celebrity architect Tony Ashai has brought some of the most glamorous creations to fruition across the globe, and JW Marriott Al Marjan Island is his first masterpiece in Ras Al Khaimah.

“ I believe in the principle that design should be a response to its surroundings. It's not about imposing a predetermined vision onto a space; but it's about allowing the site, the context, and the environment to shape the narrative.

As you explore JW Marriott Residences, you'll notice how every curve tells a story. The design aims to capture the essence of the waves, bringing a sense of joy to the architecture. Great design is essentially a dialogue between the location, the developer's vision, and the dreams of those who will call it home.”
